

Cumberland Valley Business Park

February 22, 2005

Scott Welsh, Project Manager
Penn-Mar Ethanol
140 Roosevelt Ave
York, PA 17404

Dear Mr. Welsh,

The purpose of this letter is to verify that Franklin County General Authority has the capacity to meet the water and sewer needs of your proposed ethanol production facility at the Cumberland Valley Business Park. FCGA has been authorized by its board to enter into an agreement with Penn-Mar Ethanol for raw water and domestic water supply, estimated at approximately 800,000 gpd. Additionally, FCGA has the existing sewer capacity to handle the domestic waste and filter backwash waste streams from the facility, estimated at approximately 7,500 gpd. Industrial pre-treatment may be required for one or more of the waste streams from the facility.

Should you require additional information at this time please do not hesitate to contact me.

Sincerely,

John M. Van Horn
Executive Director
